## PROFILE SUMMARY

I'm a competitive programmer. I have **solved around 1300+** algorithmic problems and participated in **200+ online programming contests** with various online judges.

## COMPETITIVE PROGRAMMING PROFILE

Platform	Max Rating	Problems	Contests	Best Rank
<a href="#">Codeforces</a>	1411 (Specialist)	553	126	619/74k
<a href="#">Codechef</a>	1717 (3*)	85	26	199/16k
<a href="#">Leetcode</a>	1647	166	16	1601/22k
<a href="#">AtCoder</a>	499	99	34	1022/20k
<a href="#">CSES</a>	n/a	146	n/a	n/a

## PROJECT

### University Hall Management System

React, Nodejs, Express, MongoDB

[View in GitHub](#)

- Developed an Interactive web application for our residential hall management system.
- Designed RESTful APIs and implemented secure authentication and authorization.
- Enhanced application performance by optimizing and fixing API-related issues with fewer API calls.
- Building scalable, high-performance backend systems with Node.js and Express.js.
- Utilizing MongoDB for database management and integration.
- Implemented using the MERN stack, demonstrating Full-Stack expertise.

## ACHIEVEMENTS

- Top 74th at IUPC SUST CSE Carnival 2024
- Top 619th at Codeforces Round 939 (Div.2)
- Top 7th at ICE LogicBattle #I (IDPC) 2019

## EDUCATION

### University of Rajshahi

Rajshahi, Bangladesh

- Bachelor of Science in Information and Communication Engineering
- Expected Graduation: September, 2024
- CGPA: 3.48 up to 7th semester (out of 4)

Jan 2019-Present

## SKILLS

- **Confident:** C++ | C | DSA | OOP
- **Familiar:** SQL | Java | Javascript | HTML | CSS | React | NodeJS | Express | JavaScript | API | Git | Linux

## VOLUNTEERING

- Served as Assistant Contest Secretary at Rajshahi University's Programming Club.
